

THE
SINK & TAP
COLLECTION

YOUR BOOK OF
INSPIRATION

THE FINER DETAILS

Choosing a sink and tap is an often overlooked but vital part of your kitchen design, as selecting the perfect finish and style can have a dramatic effect on the overall character of your kitchen. From how your design harmonises with your worksurface, to how the finish sits

alongside your cabinet colour palette, getting the choice just right can ensure your sink and tap combination creates a focal point in your space. And, with daily handling, your sink and tap are essential elements of your working kitchen, so they need to be as functional as they are

attractive. With so much to consider, this brochure will guide you through the selection process to ensure you make the correct choice for you and your lifestyle, and with our vast and diverse collection, you're guaranteed to find the perfect design for your kitchen.

DECISIONS BY DESIGN

A SIZE TO SUIT YOUR HOME

You need to consider the space you have available and your everyday practical requirements. Have you got a compact kitchen? Consider a smaller sink style to provide functionality without taking up too much of your valuable workspace. For those with a larger footprint, a bigger style with a double basin offers a practical way to separate dishes and tasks, which is ideal for those who love cooking and entertaining.

THE PERFECT FIT

For a luxurious look, opt for a seamlessly clean flow by continuing your worksurface to the outer edges of your sink, or choose a traditional lay-on fit for a modest, classic style.

IT IS ALL ABOUT THE FINISH

To make a luxurious statement in a neutral scheme, consider opting for a striking bronze, gold or copper metallic finish from our Monarch Collection. Alternatively, our Granital Collection offers a bold, tactile choice for a sleek kitchen look, or an ever-popular Stainless Steel finish can provide a practical yet attractive option for those with a smaller budget.

IDEAS TO MAKE YOUR LIFE EASIER

Make your everyday kitchen life a little easier! For cooking enthusiasts, our range of strainers and chopping boards can aid the preparation of food, whilst a portable drying rack can allow you to wash and dry crockery without the need for a permanent counter feature.

STAINLESS STEEL

LAY-ON COLLECTION

Designed with Stainless Steel that's 100% recyclable, our collection provides strength and longevity, with a resistance to high and rapid temperature changes, impacts and chemical influences.

With a clean finish and designed to give a considered look, our lay-on collection is the perfect balance of attractive and functional.

Our premium Line Maxim range features a deeper bowl and includes a pop up syphon.

MONARCH COLLECTION

Designed with sleek, clean lines and available in four striking metallic finishes, our Monarch Collection offers an injection of luxury and opulence into your kitchen design. With a range of basin sizes, the collection is the perfect choice for any kitchen footprint, and thanks to a world leading PVD treatment, you can be assured that our Monarch sinks boast increased scratch resistance.

BY PWS

THE STORY BEHIND OUR NAME

Our history and reputation at PWS have given us the best opportunities to create a supply network from the world's most esteemed sources, guaranteeing kitchen elements that are remarkably high quality in every regard.

Our collection of sink and taps are sourced from Alveus, based in Slovenia. Established in 1956, industry-leading Alveus boasts over 66 years of trading and manufactures sinks with only the latest technology and highest quality materials.

We're confident that our unique collection of sinks and taps guarantee to be driven by design and functionality.

Sink: Alveus, Line Maxim Lay-on, Stainless Steel Sink

Tap: Jenny tap in a Chrome finish

Worksurface: Strata Quartz, Ash Grey

Handle: Weel T-bar, Black Satin

Our sinks and taps combine strong looks with impressive functionality to transform your space. Whatever your style or specific requirements, ask your retailer for more ideas and inspiration today.

Please note: we take great care in the photography of products illustrated. Due to variables between photographic and print processes, colours and shades may vary from the actual product supplied.
