SINKS & TAPS

# 100 Years OF SCHOCK

SCHOCK's 100-year journey from a family-led carpentry business to a leader in bold kitchen design and quality materials is truly remarkable. As pioneers of the quartz composite sink, we continually innovate, offering aesthetically pleasing and customizable products known for their durability and easy maintenance. Since our groundbreaking invention in 1979, we've remained committed to making kitchens more beautiful, comfortable, and colorful through innovation, passion, and craftsmanship.

1924

Establishment of SCHOCK by the brothers Hermann, Karl, and Wilhelm Schock as a carpentry specializing in the production of decorative strips, picture frame profiles, chairs, and other wooden furnishings.

1979

The world's first quartz composite sink is produced at the Regen factory

1960s

Commencement of manufacturing decorative metals for the radio/phono and furniture industries, alongside the production of wall connection profiles, and an expansion into bath products.

2009

Development of the sleeve technology using CRISTALITE® & CRISTADUR® for the perfect combination of sink and faucet.

2015

Sleeve technology applies the quartz composite sink technology for mixer taps.

2015

Revolutionary process for sinks in carbon fibre quartz composite.

2019

CRISTADUR® gets an update.

2022

The Polish specialist in freestanding bathtubs, as well as washbasins and shower trays, Marmorin, and the renowned sales specialist 1810, become part of the SCHOCK Group.

2023

Production net moulding technology.

2024

New logistics centre opens in Seebach March 2024.

1988

Invention of CRISTALITE® material - a groundbreaking innovation combining 80% ultra-pure quartz, the toughest component of granite, fused with acrylic, laying the foundation for the widespread success of quartz composite sinks.

2005

Introduction of CRISTADUR® material - characterized by its virtually poreless structure, this innovative material delivers a radiant surface that effortlessly repels dirt, ensuring lasting cleanliness and brilliance.

2007

SCHOCK ceases knowledge transfer to its competitors.

2013

The first jet black CRISTADUR® kitchen sink is launched.

2017

Perfect drain is launched.

2020

With the launch of CRISTADUR® Green Line, SCHOCK takes a significant stride towards sustainability in line with the company's ethos of SINK GREEN.

2022

SCHOCK acquires UK kitchen sink and tap manufacturer, The 1810 Company.

2024

Celebration of 100 Years of SCHOCK and 45 Years of Quartz Composite Sinks

# SCHOCK

## The company

### Did you know that ...

- >100** ... as an innovative company, we have registered over 100 patents?
- >150** ... we have over 150 sink models in over 20 colours?
- >60%** ... more than 60% of all quartz composite sinks worldwide are produced using our process?
- >70** ... customers in over 70 countries put their trust in SCHOCK products?

# Placing an order

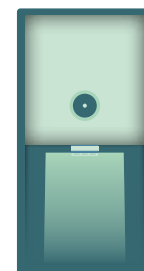

**EASY ORDERING**  
Order number as well as desired delivery date is essential information.

**PRODUCT ID**  
Please make sure that the product numbers are correct when ordering your SCHOCK products.

The product number describes the complete configuration of a SCHOCK sink.

**Note on bowl sizes:**  
XS - XL (LS = large bowl, short drainer)

Abbreviation for **colour**  
Here: Magma

**SCH-MOND100LAMAG/2369** — Internal information

Abbreviation for **model family**  
Here: Mono

- D** With drainer
- N** No drainer
- M** Modular
- C** Corner sink
- R** Round sink

- Number and size of bowls**
- 100** One standard bowl
  - 150** One standard bowl and one half-bowl
  - 200** Two standard bowls

The product number describes the complete configuration of a SCHOCK mixer tap.

Numbers 1-3: Description of **model family** (Here: Altos)

Abbreviation for **material/colour finish**

**SCH-559000EDM**

- EDM** Solid stainless steel
- CHR** Chrome
- WGO** White Gold
- COP** Copper
- GUM** Gunmetal
- PUR** Puro

The last three numbers provide information on the **spout** and **type of tap**:

- 000** Fixed spout

In the case of coloured taps, the abbreviation for the specific SCHOCK colour is shown here.

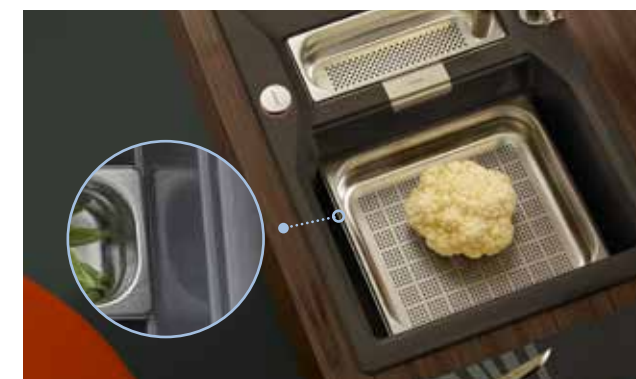

# Product advantages

SCHOCK sinks consist predominantly of quartz. The finishes were specially developed by SCHOCK for the demands of the kitchen. The rigours of everyday use leave barely a trace on our proven material technology.

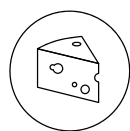

## Who invented it?

SCHOCK is the inventor of the coloured, quartz composite sink and is the only manufacturer to offer CRISTADUR®, a premium, silky-smooth finish.

**Easy to clean**  
Poreless surface for an extremely easy-clean, hygienic finish

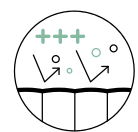

**Odour free**  
Leaves the surface free of smells  
DIN 10955

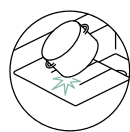

**Heat resistant**  
Resistant to temperatures up to 180°C  
DIN EN 13310

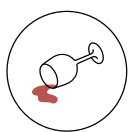

**Food safe**  
Completely safe material  
DIN EN 1186

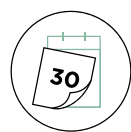

**Dirt repellent effect**  
Dirt and water simply roll off

**Impact resistant**  
Tough and hard-wearing material  
DIN EN 438-2

**Stain resistant**  
Resistant to food stains  
DIN EN 13310

**Made to last**  
Extremely durable  
DIN EN 13310

### Sink series with useful ledge:

CRISTADUR® Greenwich N-100XL, Greenwich N-200, Kiruna, Mono N-100 + N-100S, Prepstation, Tia

The **integrated ledge** for hanging and laying accessories in the sink creates a multifunctional working platform for all those who love cooking.

**Foldable drip racks** in coordinating finishes, racks to hold **gastronorm containers** and **chopping boards** are some of the other extras enabling space-saving working in the heart of the kitchen.

### Take a further look:

You can find all of the functional highlights (including chopping boards, gastronorm containers, multifunctional bowls, draining boards) and the design extras (including visible parts) on our website: [www.schocksinks.co.uk](http://www.schocksinks.co.uk)

Just  
perfect:

## Perfect Drain

With the Perfect Drain, the strainer basket fits **seamlessly** into the sink and disappears under the stylish cover for the strainer.

It also offers practical benefits, being **easy to keep clean, looking good and hygienic**: even the smallest of grime particles can find no place to stick and leave unsightly marks.

The Perfect Drain is a design feature of the CRISTADUR® sink series, **Greenwich, Tia, Prepstation**.

## Perfect Drain adapter for waste disposal unit

To attach a food waste disposal unit to a sink fitted with the Perfect Drain, you need the adapter **WG-100** (Art.No. SCH-629139)

# Coloured taps

SC-510

### SLEEVE TECHNOLOGY

Patented technology enables SCHOCK to bring mixer taps and sinks together in unity. With our sleeve technology, all SC models can be matched perfectly in colour and material finish to CRISTADUR® and CRISTALITE® sinks.

Tap not in UK range

Kallio M-175 with visible parts in Puro

## Matching visible parts

Stainless steel

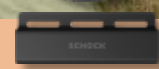

White Gold

Copper

Gunmetal

Puro

Our Kavus and Keto taps are available with PVD coating. They can be optimally combined with decorative visible parts in the same finish, consisting of **overflow cover, drain cup and basket strainer.**

This will turn your sink and tap into a **designer creation.** Visible parts are available in Stainless Steel, White Gold, Copper, Gunmetal and Puro.

# CRISTADUR® GREEN LINE advantages

The premium material wins fans with its **patented, poreless structure** and beautifully shimmery finish, from which any dirt and water simply roll off. Being extremely easy to clean, it's not just the look of CRISTADUR® that makes it a luxury to befit any kitchen.

### SILKY-SMOOTH FINISH

Feel the difference with the poreless structure.

### DIRT REPELLENT EFFECT

Water and dirt simply roll off the surface, leaving nothing for germs and bacteria to grow on.

### EASY TO CLEAN

The poreless finish and dirt repellent effect makes the sinks extremely easy to clean.

### INTENSE COLOURS

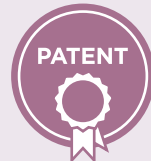

More than 11 intensely shimmering colours from pure white to jet black - and if you like it loud, you can even have red.

Tested with boiling water taps

Range of flush mount models available

Patented technology  
Further patents pending

Based on resource-saving production in Germany and quartz as the main component, all SCHOCK quartz composite sinks are made with a responsible approach to nature and the environment. The CRISTADUR® Green Line is SCHOCK's most sustainable option for a conscious purchasing decision as well as an additional upgrade for the kitchen architecture.

### SINK GREEN SUSTAINABLE THINKING AND DISHWASHING

Our path to a responsible and sustainable future includes the continuous improvement of our processes at all levels. From biodiversity on our factory site, resource conservation in production to equality and health protection for our team and the entire supply chain.

### GREEN LINE

The innovative product line from SCHOCK impresses with its sustainably optimised composition as well as its high-quality matt colours.

# CRISTADUR® Sinks

Tap not in UK range

# CRISTADUR® Colours

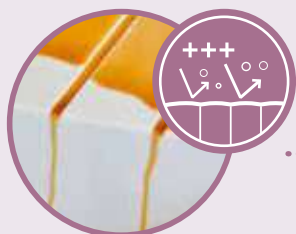

# CRISTADUR® advantages

The premium material wins fans with its **patented, poreless structure** and beautifully shimmery finish, from which any dirt and water simply roll off. Being extremely easy to clean, it's not just the look of CRISTADUR® that makes it a luxury to befit any kitchen.

## SILKY-SMOOTH FINISH

Feel the difference with the poreless structure.

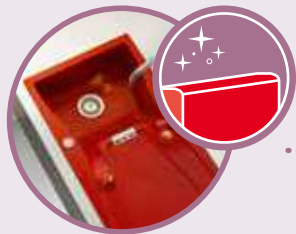

## DIRT REPELLENT EFFECT

Water and dirt simply roll off the surface, leaving nothing for germs and bacteria to grow on.

## EASY TO CLEAN

The poreless finish and dirt repellent effect makes the sinks extremely easy to clean.

## INTENSE COLOURS

More than 11 intensely shimmering colours from pure white to jet black - and if you like it loud, you can even have red.

Tested with boiling water taps

Range of flush mount models available

Patented technology  
Further patents pending

# Flexible accessories

With a choice of accessories providing added functionality, the sink is transformed into an **efficient workspace** – optimally suited to the needs of different users and especially good for the smaller kitchen too.

## SILICONE DRAIN MAT

**SCH-629188** (width 415 mm)  
**SCH-629189** (width 408 mm)

- Flexible addition to all models without a drainer, especially undermount sinks
- Protects the high-grade worktop
- Dishwasher proof and heat resistant silicone for hot pots and pans or for glasses and such to drip dry

## GASTRONORM CONTAINERS

**SCH-629060** (2/8", perforated),  
**SCH-629061** (2/8"), **SCH-629063** (2/3")

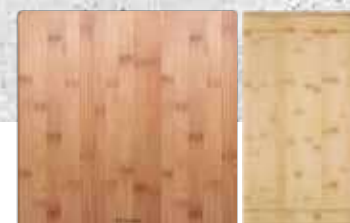

- For prepping meals, from chopping and washing ingredients to steam cooking; also suitable for storing produce in the fridge
- With the multifunctional rack, Gastronorm containers can be placed straight into the sink. Special pads ensure a stable grip on the edge of the sink

## VERSATILE CORNER BOWL

**SCH-629733**

- Suitable for almost all SCHOCK sinks\*
- Temporarily store waste and food scraps or use as a colander during food prep or as a dish for your dishwashing utensils
- Made of dishwasher proof and food safe plastic in anthracite
- Silicone pads under the edges or better grip

## CHOPPING BOARDS

in various sizes

- For use separately or can be laid on the ledge as a work surface inside the sink for prepping food
- SCH-629158 wooden chopping board fits the Prepstation, Greenwich N-200 and Kiruna

## DESIGN DRIP RACKS

in two variants and up to three finishes

- Multifunctional: can be used on or beside the sink as a place to put things down or somewhere for sponges or dishes to drip dry
- **Variant 1** SCH-629724 – Set of two separate elements in stainless steel or black
- **Variant 2** SCH-629725 – One-piece, foldable element available in stainless steel, black or copper to complement your taps and visible parts

\*Not compatible with the Mono R-100, Signus C-150, Kallio and Tia ranges

## Quartz composite product care

60% of all kitchen chores are done at the sink. And most of the time it doesn't stay clean. So we developed a range of special care products. The cleaning and care substances in the various care sets are specially designed to meet the needs of quartz composite sinks.

Only **a few drops of the highly active** substances are needed to remove any **residues, discolouration, scale build-up** or even damaged spots with the appropriate cleaning set.

More information on keeping your sink looking good, alongside care videos and FAQs, can be found in our **care centre:** [schock.de/int\\_en/service/care-center](https://schock.de/int_en/service/care-center)

## Questions and answers on product care

### ? WHAT IS THE BEST WAY TO KEEP A SCHOCK SINK CLEAN AND LOOKING GOOD?

You can use ordinary household cleaners, such as washing-up liquid, to clean your sink. After every use, rinse and wipe the sink dry with a clean, soft cloth to eliminate any water spots or soap film build-ups.

### ? HOW DO I REMOVE STUBBORN DIRT OR GROUND-IN STAINS?

For intensive cleaning, dissolve max. 2 portions of dishwasher powder in 3 litres of water and apply the solution to the dirt or stains and leave it to soak in, preferably overnight. Then rinse with plenty of clear water and dry with a cloth – stubborn dirt will be a thing of the past.

### ? HOW CAN I REMOVE THE SIGNS OF EVERYDAY LIFE FROM MY KITCHEN SINK?

For CRISTADUR® and CRISTALITE® sinks we recommend keeping the surface clean with ordinary washing-up liquid or a magic sponge.

### ? HOW DO I REMOVE LIMESCALE AND SOAP SCUM?

Please use a mild abrasive cleanser, along with a soft scouring pad, for calcium deposits please use a limescale cleaner. Mineral oil can then be applied with a damp cloth to restore the lustre.

### ? HOW CAN I REMOVE METAL SCUFF MARKS?

It's very easy – just dampen a magic sponge and rub the scuff marks away.

### ? WHAT DO I HAVE TO REMEMBER TO KEEP MY MIXER TAP LOOKING GOOD?

The best way to clean our mixer taps is to use conventional washing-up liquid and a sponge or cloth. Avoid bleaching agents or acid-based cleaners and rough sponges (such as metal pot scourers).

### ? IS THERE ANYTHING I SHOULDN'T USE?

Do not use any abrasive cleaning agents or scrub pads, such as steel wool

1. Straight bleach
2. Commercial alkalis, such as ammonia and/or caustic solutions
3. Drain blocking chemicals that involve filling the sink with water

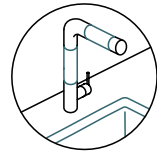

**Note:** Always test any stain removers in a small, non-visible location
